Value and practicality for basic weighing

- ✓ Weigh-Thru draughtshield for protection and stability
- ✓ Easily stackable storage
- ✓ Easy to install USB or RS232 interface options

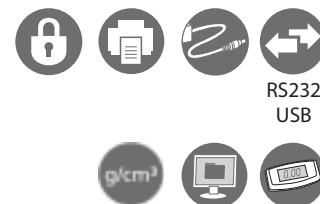

Application	Weighing (2 units)
Display	LCD plus optional auxiliary display
Operation	Mains (included), optional battery with programmable Auto Shut-Off
Communication	Optional RS232 or USB interface with cable
Construction	ABS plastic with stainless steel pan
Design features	Unique Weigh-thru draftshield designed with an easy to remove centre piece that provides protection from rough environments while maintaining weighing speed, designed to stack, shipping lock, calibration lock, fixed integral weigh below hook, calibration weight supplied with 150g and 300g models
